Mr P. Kryvonos
Director-General
SE GDIP

The Embassy of the Republic of Austria in Ukraine presents its compliments to the SE GDIP and expresses sincere appreciation to Director-General Mr Kryvonos, organiser Ms Oksana Timonova, and driver of the Avtotsentr Directorate Mr Vasyl Mordiyuk for their excellent preparation, well-considered itinerary, and smooth coordination at every stage of the trip. Thanks to your efforts, Monday, 6 October, was a rich and memorable day for every participant.

Pereiaslav impressed us with its historical depth, cultural heritage, and atmosphere of genuine warmth. The excursion offered an opportunity not only to engage with Ukraine's rich history but also to spend time together informally and amicably outside the workplace. Such trips strengthen team spirit, foster a sense of unity, and help colleagues get to know one another better.

We greatly value our cooperation and your dedication to promoting a deeper understanding of Ukraine.

Once again, we extend our heartfelt thanks to everyone involved in the organisation, coordination, and participation in this trip. We look forward to further engaging activities, new impressions, and inspiring journeys together.

With kind regards,
