Regarding the charity event
of the Ukrainian Association of Chefs

Dear Mr Kryvonos,

Following the charity promotional event organised by the Ukrainian Association of Chefs and held at the Ukrainian restaurant *Anastasia* on 17 October 2025, the Consulate General of Ukraine in Naples expresses sincere gratitude to the team of the Directorate-General for Rendering Services to Diplomatic Missions and to you personally for your assistance in arranging and conducting the presentations.

The participants of the event highly appreciated it. The programme showcased contemporary Ukrainian cuisine and the refined wines of our homeland, presented by the Ukrvynprom corporation, and enabled the raising of funds for the projects of the NGOs WVU of Ukraine and UNITED24 ‘Allies of Steel’.

The presence of representatives of the NATO Joint Forces Command (Naples), as well as Ukrainian service members, demonstrated constructive cooperation and friendly relations between the military personnel of Ukraine and the Alliance. This cooperation constitutes an essential component of Ukraine’s further integration into the structures of the North Atlantic Alliance.

We look forward to the continued participation of GDIP representatives in similar events that we will hold in the South of Italy.

Yours faithfully,

Consul General of Ukraine in Naples
